

Auburn Montgomery Warhawk Health Services

7461 East Dr STE 102
Montgomery AL, 36117-8092
(334) 244-3281

Date: 11/11/22

PATIENT: MCGREGOR, THOMAS **DOB:** 12/28/1971 **Gender:** MALE **MRN:** 1011 **AGE:** 50 Years

VISIT TYPE: Office Visit Established

CHIEF COMPLAINT: Travel Consult

HISTORY OF PRESENT ILLNESS: Mr. McGregor presents to the clinic for travel consult. Patient states he will be traveling to Johannesburg in South Africa on 12/27/22 and will be visiting the near by areas of Kroondal on 1/1/23 and Pilanesberg National Park on 1/2/23 (1 week total). He states he will be staying in a hotel with air conditioning. He reports he has traveled to South Africa to these areas in the past.

PHYSICAL EXAMINATION:

GENERAL: GENERAL: No apparent distress noted; Well developed; Pleasant.

NEUROLOGIC: Alert and Oriented X3. CN II-XII intact. Sensation intact. Speech clear. Ambulates with steady gait.

PSYCHIATRIC: Appropriate mood and affect.

ORDERS:

Typhoid (1 unit(s)): Immunizations

RESULTS:

Typhoid:

Site Given: Left Deltoid

Dosage Given: 0.5 milliliter(s)

Administered By: Blackwell, Robin - CRNP

ASSESSMENT:

Z23 - Encounter for immunization (PRIMARY).

PLAN:

Travel Advice and risks discussed traveling to South Africa per CDC guidelines. Patient verbalized understanding. Patient declined MMR, Varicella and Polio vaccines today stating he did receive these vaccines as a child although his immunization record does not show he has. Also recommended Hep B series due to his immunization record not showing he received. He is aware Hep B vaccines were not usually given as a child until 1991. Patient states he will look into getting Hep B vaccines. He is aware on the vaccines he should be up to date on and accepts the risks associated with not being fully vaccinated and traveling to South Africa.
