Cologuard® PATIENT REPORT**ORDER INFORMATION**

Patient: Leon Higdon
Date of Birth: 03/20/1966
Medical Record #:
Sex: Male
Authorizing Provider: Lindsey Barton

Client Order ID:
Cologuard Specimen ID: 23C068-003117
Specimen Collected:
Specimen Received:
Report Date: 03/06/2024

RESULT:**Order Expired**

This test order is expired; it has exceeded 365 days from the initial order date.

COLOGUARD DESCRIPTIVE INFORMATION

TEST TYPE: Composite algorithmic analysis of stool DNA-biomarkers with hemoglobin immunoassay. Quantitative values of individual biomarkers are not reportable and are not associated with individual biomarker result reference ranges.

Reference Range: <Not Applicable> **Specimen Type:** Stool

PRECAUTIONS AND LIMITATIONS: Cologuard is intended for colorectal cancer screening of adults of either sex, 45 years or older, who are at average-risk for colorectal cancer (CRC). Cologuard has been approved for use by the U.S. FDA. Cologuard may produce a false negative or false positive result. A negative Cologuard test result does not guarantee the absence of CRC or advanced adenoma (pre-cancer). Patients with a negative Cologuard test result should be advised to continue participating in a colorectal cancer screening program. The screening interval for Cologuard is currently recommended at an interval of every 3 years by the American Cancer Society and U.S. Multi-Society Task Force. A false positive result occurs when Cologuard produces a positive result, even though a colonoscopy may not find colorectal cancer or precancerous polyps. The performance of Cologuard has been established in a cross sectional study (i.e., single point in time) of average-risk adults aged 50-84. Cologuard performance in patients ages 45 to 49 years was estimated by sub-group analysis of near-age groups. Cologuard performance data in a 10,000 patient pivotal study using colonoscopy as the reference method can be accessed at the following location: www.exactlabs.com/results. Additional description of the Cologuard test process, warnings and precautions can be found at www.cologuardtest.com. Rx only.
