## Molecular Laboratory Report

|            |                 |                  |                      |
|------------|-----------------|------------------|----------------------|
| Patient:   | MCNULTY, ERIN   | Accession:       | 174834               |
| Patient #: | 78570           | Birth:           | 3/17/1995            |
| Doctor:    | BARTON, LINDSEY | Age:             | 25 years             |
|            |                 | Gender:          | Female               |
|            |                 | Collection Date: | 10/5/2020 9:00 AM RN |
|            |                 | Received Date:   | 10/6/2020 9:00 AM YS |

| Test Name | Result                                                                                                                                                                                                                                                                                                                                                                                                                                     | Units | Flag | Reference Range/Cutoff                             |
|-----------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|------|----------------------------------------------------|
| COVID-19  | NOT DETECTED                                                                                                                                                                                                                                                                                                                                                                                                                               |       |      | Run by AC on 10/6/2020 11:46:47 AM at Location: 01 |
| Notes:    | *TESTING WAS PERFORMED USING A SARS-COV-2 PCR TEST. THIS TEST HAS NOT BEEN FDA CLEARED OR APPROVED. THIS TEST HAS BEEN AUTHORIZED BY THE FDA UNDER AN EMERGENCY USE AUTHORIZATION. THIS TEST IS ONLY AUTHORIZED FOR THE DURATION OF TIME THE DECLARATION THAT CIRCUMSTANCES EXIST JUSTIFYING THE AUTHORIZATION OF THE EMERGENCY USE IN IN VITRO DIAGNOSTIC TESTS FOR DETECTION OF SARS-COV-2 VIRUS AND OR DIAGNOSIS OF COVID-19 INFECTION. |       |      |                                                    |
