

AUM STUDENT HEALTH SERVICES

PATIENT INFORMATION (PLEASE PRINT LEGIBLY)

Date: 2/1/19 Are you an AUM Student? ☐ Yes ☒ No S-Number: _____

Name: Heidi Norrell Birthdate: 3/20/81

Main Phone Number: 334-415-9578 Email: honorrell81@gmail.com

Local Mailing Address: 472 Southern Hills Dr. Box or APT #: _____

City: Wetumpka State: AL Zip Code: 36093

Permanent/Home Address: Same Box or APT #: _____

City: _____ State: _____ Zip Code: _____

Marital Status: Single ☐ Married ☒ Divorced ☐ Widowed ☐ Other: _____

Sex: Male ☐ Female ☒ Gender: Male ☐ Female ☒

Primary Physician: Dr. Mukkamala City: Montgomery Phone #: 334-262-0342

Patient's Employer: Elmore Co Board of Edu. Work Phone #: 334-567-1200

Parent's ☐ Spouse's Name: ☒ J. Eric Norrell Phone #: 334-415-9578

Parent's or Spouse's Employer: _____ Phone #: _____

Emergency Contact: J. Eric Norrell Relationship: husband Phone #: 334-415-9578

How did you hear about the clinic: Friend ☒ Faculty/Staff ☐ Orientation ☐ Other: _____

INSURANCE INFORMATION

Do you have health insurance? ☒ YES ☐ NO

If yes, please give your card to the front desk in order for a copy to be made for your chart.

Insurance Company: Bc/BS Name on Card: _____

Policy or Contract Number: _____ Group Number: _____

Insurance Company's Address: _____

AUM STUDENT HEALTH SERVICES

CONSENT FOR SERVICES FORM

Patient Name: Heidi Norrell Date of Birth: 3 / 20 / 81
Day Month Year

General Consent for Treatment

I request and authorize health care services by my provider and his/her designees(s) as my provider may deem advisable and in my best interest. This may include routine diagnostic, laboratory procedures, and administration.

I understand that excluding emergency or extraordinary circumstances, no substantial procedure will be performed without providing me an opportunity to give me informed consent for that procedure. Informed consent means that the medical provider must disclose information to me including benefits and risks of a particular procedure and/or treatment.

Payment

I am responsible for all bills incurred at the Student Health Center. Payment is due at the time that services are rendered unless prior arrangements have been made.

I have read the consent form, or it has been read to me, and I am satisfied that I understand its contents. My questions have been answered to my satisfaction.

Heidi Norrell

Medical Information Release
Form (HIPPA Release Form)

Name: Heidi Norrell Date of Birth 3/20/81

Release of Information

☒ I authorize the release of information including the diagnosis, records, examination rendered to me, and claims information. This information may be released to:

- ☒ Spouse: Eric Norrell
☐ Child(ren): _____
☐ Other: _____
☐ Information is not to be released to anyone.

This ***Release of Information*** will remain in effect until terminated by me in writing.

Messages

Please call ☐ my home ☐ my work ☒ my cell number: (334) 415-9572

If unable to reach me:

- ☒ you may leave me a detailed message
☐ please leave a message asking me to return your call
☐ other: _____

The best time to reach me is (day or days) anytime between _____ and _____ times.

Signed: Heidi Norrell

Date: 2/1/19

PATIENT HIPPAA CONSENT FORM

I understand that I have certain rights to privacy regarding my protected health information. These rights are given to me under the Health Insurance Portability and Accountability Act of 1996 (HIPPA). I understand that by signing this consent I authorize you to use and disclose my protected health information to carry out:

- Treatment (including direct or indirect treatment by other healthcare providers involve in my treatment)
- Obtaining payment from third party payers (e. g. my insurance company)
- The day-to-day healthcare operations of your practice

I have also been informed of and given the right to review and secure a copy of your *Summary of the HIPPA Privacy Rule*, which contains a more complete description of the uses and disclosures of my protected health information and my rights under HIPPA. I understand that you reserve the right to change the terms of this notice from time to time and that I may contact you at any time to obtain the most current copy of this notice.

I understand that I have the right to request restrictions on how my protected health information is used and disclosed to carry out treatment, payment, and health care operations, but that you are not required to agree with these requested restrictions. However, if you do agree, you are then bound to comply with this restriction.

I understand that I may revoke this consent, in writing, at any time. However, any use or disclosure that occurred prior to the date I revoke this consent is not affected.

Signed this 1 day of February 2019.
(day) (month) (last two digits of the year)

AUM Student Health Services - Travel Health History

Date: 2/1/19 Name: Heidi Norrell

1. What is the reason for your visit today? Vaccine
2. List allergies you have to medicines, foods or iodine: _____

3. List any medications or drugs you are currently taking (this would include herbal and over-the-counter as well as prescription drugs): adult vit, vit-D + B12

4. Have you had any of the following? (Check if this applies to you):
Heart Disease ☐ Stomach/Gastrointestinal Disease ☐
Kidney Disease ☐ Diabetes/Sugar ☐
5. Are you immunocomprised? (Is there a problem with your immune system)
Yes ☐ No ☒
Thymus Disorder (Myasthenia gravis, Thymoma, Thymectomy) ☐
Spleen removed ☐ Transplant recipient ☐
Cirrhosis of the liver ☐ Cancer ☐ HIV ☐
6. How often do you drink beer, wine, wine cooler or liquor?
Never ☐ Rarely ☒
1-2 times a week ☐ 3-4 times a week ☐ 5 or more times a week ☐
7. Where are you going on your trip? Peru
8. How long is your trip? Months _____ Days 10
9. When are you leaving on your trip? end of March

For Females Only

- A. Date of your last period? now Have you had a hysterectomy? Yes ☐ No ☒
- B. Are you currently pregnant? Yes ☐ No ☒ Due date: _____
- C. Do you plan to become pregnant in the next 3 months? Yes ☐ No ☒
- D. Are you breastfeeding? Yes ☐ No ☒

Screening Checklist for Contraindications to Vaccines for Adults

PATIENT NAME Heidi Norrell
DATE OF BIRTH 3/20/81
month day year

For patients: The following questions will help us determine which vaccines you may be given today. If you answer "yes" to any question, it does not necessarily mean you should not be vaccinated. It just means additional questions must be asked. If a question is not clear, please ask your healthcare provider to explain it.

	yes	no	don't know
1. Are you sick today?	☐	☒	☐
2. Do you have allergies to medications, food, a vaccine component, or latex?	☐	☒	☐
3. Have you ever had a serious reaction after receiving a vaccination?	☐	☒	☐
4. Do you have a long-term health problem with heart disease, lung disease, asthma, kidney disease, metabolic disease (e.g., diabetes), anemia, or other blood disorder?	☐	☒	☐
5. Do you have cancer, leukemia, HIV/AIDS, or any other immune system problem?	☐	☒	☐
6. In the past 3 months, have you taken medications that affect your immune system, such as prednisone, other steroids, or anticancer drugs; drugs for the treatment of rheumatoid arthritis, Crohn's disease, or psoriasis; or have you had radiation treatments?	☐	☒	☐
7. Have you had a seizure or a brain or other nervous system problem?	☐	☒	☐
8. During the past year, have you received a transfusion of blood or blood products, or been given immune (gamma) globulin or an antiviral drug?	☐	☒	☐
9. For women: Are you pregnant or is there a chance you could become pregnant during the next month?	☐	☒	☐
10. Have you received any vaccinations in the past 4 weeks?	☐	☒	☐

FORM COMPLETED BY Heidi Norrell DATE 2/1/19
FORM REVIEWED BY _____ DATE _____

Did you bring your immunization record card with you?

yes ☐ no ☐

It is important for you to have a personal record of your vaccinations. If you don't have a personal record, ask your healthcare provider to give you one. Keep this record in a safe place and bring it with you every time you seek medical care. Make sure your healthcare provider records all your vaccinations on it.

Information for Healthcare Professionals about the Screening Checklist for Contraindications to Vaccines for Adults

Are you interested in knowing why we included a certain question on the screening checklist? If so, read the information below. If you want to find out even more, consult the references listed at the end.

1. Are you sick today? [all vaccines]

There is no evidence that acute illness reduces vaccine efficacy or increases vaccine adverse events.¹ However, as a precaution with moderate or severe acute illness, all vaccines should be delayed until the illness has improved. Mild illnesses (such as upper respiratory infections or diarrhea) are NOT contraindications to vaccination. Do not withhold vaccination if a person is taking antibiotics.

2. Do you have allergies to medications, food, a vaccine component, or latex?

[all vaccines]
An anaphylactic reaction to latex is a contraindication to vaccines that contain latex as a component or as part of the packaging (e.g., vial stoppers, prefilled syring plungers, prefilled syringe caps). If a person has anaphylaxis after eating gelatin, do not administer vaccines containing gelatin. A local reaction to a prior vaccine dose or vaccine component, including latex, is not a contraindication to a subsequent dose or vaccine containing that component. For information on vaccines supplied in vials or syringes containing latex, see reference 2. For an extensive list of vaccine components, see reference 3.

People with egg allergy or any severity can receive any recommended influenza vaccine (i.e., any IIV or RIV) that is otherwise appropriate for the patient's age. For people with a history of severe allergic reaction to egg involving any symptom other than hives (e.g., angioedema, respiratory distress), or who required epinephrine or another emergency medical intervention, the vaccine should be administered in a medical setting, such as a clinic, health department, or physician office. Vaccine administration should be supervised by a healthcare provider who is able to recognize and manage severe allergic conditions.

3. Have you ever had a serious reaction after receiving a vaccination?

[all vaccines]
History of anaphylactic reaction (see question 2) to a previous dose of vaccine or vaccine component is a contraindication for subsequent doses. Under normal circumstances, vaccines are deferred when a precaution is present. However, situations may arise when the benefit outweighs the risk (e.g., during a community pertussis outbreak).
4. Do you have a long-term health problem with heart disease, lung disease, asthma, kidney disease, metabolic disease (e.g., diabetes), anemia, or other blood disorder? [MMR, LAIV]
A history of thrombocytopenia or thrombocytopenic purpura is a precaution to MMR vaccine. The safety of intranasal live attenuated influenza vaccine (LAIV) in people with these conditions has not been established. These conditions, including asthma in adults, should be considered precautions for the use of LAIV.

5. Do you have cancer, leukemia, HIV/AIDS, or any other immune system problem? [LAIV, MMR, VAR, ZOS]
Live virus vaccines (e.g., LAIV, measles-mumps-rubella [MMR], varicella [VAR], zoster [ZOS]) are usually contraindicated in immunocompromised people. However, there are exceptions. For example, MMR vaccine is recommended and varicella vaccine should be considered for adults with CD4+ T-lymphocyte counts of greater than or equal to 200 cells/ μ L. Immunocompromised people should not receive LAIV. For details, consult the ACIP recommendations.^{4,5,6}
6. In the past 3 months, have you taken medications that affect your immune system, such as cortisone, prednisone, other steroids, or anticancer drugs; drugs for the treatment of rheumatoid arthritis, Crohn's disease, or psoriasis; or have you had radiation treatment? [LAIV, MMR, VAR, ZOS]
Live virus vaccines (e.g., LAIV, MMR, VAR, ZOS) should be postponed until after chemotherapy or long-term high-dose steroid therapy has ended. For details and length of time to postpone, consult the ACIP statement.^{1,3} Some immune mediators and immune modulators (especially the anti-tumor-necrosis factor agents adalimumab, infliximab, and etanercept) may be immunosuppressive. The use of live vaccines should be avoided in persons taking these drugs (MMWR 2011;60 [RR-23]). To find specific vaccination schedules for stem cell transplant (bone marrow transplant) patients, see reference 7. LAIV can be given only to healthy non-pregnant people ages 2 through 49 years.
