Z29.8 - Encounter for other specified prophylactic measures

PLAN:

Travel Advice and risks discussed while traveling to Lima Peru and Tanzania Africa per CDC guidelines. Patient verbalized understanding.

Patient declined MMR, Varicella and Polio vaccines today stating she did receive these vaccines as a child although her immunization record does not show recorded vaccination. Patient states she had Hep A and B titers drawn at her PCP and showed immunity per visual documentation on her phone today. She reports having her Tdap, flu and shingles vaccine. She reports she will get here COVID vaccine booster through her pharmacy.

Will cover patient for Malaria prophylactically due to going to Tanzania, Africa per CDC guidelines. We discussed in detail when to when and how to take Doxycycline before, during and after her visit. Patient verbalized understanding. According to CDC travel guidelines Malaria prophylaxis is not indicated for Lima Peru.

doxycycline hyclate 100 mg capsule
