

Hepatitis A Reminder

Date: 3/7/17

Dear Mrs. Hudson

Your final Hepatitis A vaccination is due on March 20, 2017.
It is important that you continue your series within the recommended schedule to obtain the maximum effect from your vaccination.

In order to achieve maximum benefits, you should receive your vaccine no later than
April 3, 2017.

If you have received this immunization elsewhere, please submit a copy for our records.
If you wish to continue the series at the AUM Nursing Care Center, contact our clinic at 244-3281 to set up an appointment at your earliest convenience.

Thank you for allowing us to participate in the protection of your good health.

Sincerely,

Amy Morris, RN AM

Amy Morris, MPA, RN-BC

Patient name:

Tammy Hudson

Date of birth: 1 / 16 / 70
(mo.) (day) (yr.)

Screening Checklist for Contraindications to Vaccines for Adults

For patients: The following questions will help us determine which vaccines you may be given today. If you answer "yes" to any question, it does not necessarily mean you should not be vaccinated. It just means additional questions must be asked. If a question is not clear, please ask your healthcare provider to explain it.

	Yes	No	Don't Know
1. Are you sick today?	☐	☒	☐
2. Do you have allergies to medications, food, a vaccine component, or latex?	☐	☒	☐
3. Have you ever had a serious reaction after receiving a vaccination?	☐	☒	☐
4. Do you have a long-term health problem with heart disease, lung disease, asthma, kidney disease, metabolic disease (e.g., diabetes), anemia, or other blood disorder?	☐	☒	☐
5. Do you have cancer, leukemia, HIV/AIDS, or any other immune system problem?	☐	☒	☐
6. In the past 3 months, have you taken medications that weaken your immune system, such as cortisone, prednisone, other steroids, or anticancer drugs, or have you had radiation treatments?	☐	☒	☐
7. Have you had a seizure or a brain or other nervous system problem?	☐	☒	☐
8. During the past year, have you received a transfusion of blood or blood products, or been given immune (gamma) globulin or an antiviral drug?	☐	☒	☐
9. For women: Are you pregnant or is there a chance you could become pregnant during the next month?	☐	☒	☐
10. Have you received any vaccinations in the past 4 weeks?	☐	☒	☐

Did you bring your immunization record card with you?

yes ☐ no ☒

It is important for you to have a personal record of your vaccinations. If you don't have a personal record, ask your healthcare provider to give you one. Keep this record in a safe place and bring it with you every time you seek medical care. Make sure your healthcare provider records all your vaccinations on it.
