It just means additional questions must be asked. If a question is not clear, please ask your healthcare provider to explain it.

Did you bring your immunization record card with you? yes ☒ no ☐

It is important for you to have a personal record of your vaccinations. If you don't have a personal record, ask your healthcare provider to give you one. Keep this record in a safe place and bring it with you every time you seek medical care. Make sure your healthcare provider records all your vaccinations on it.
