Subject: Immunization Records

Good Afternoon!

The immunization records you turned in do not show that you have had:

2 MMR shots
1 TDap
1 TB Skin Test within the US in the last 6 months

You have a Rubella immunization but that is not the same as MMR (Measles, Mumps, and Rubella). You have not had any shots for Mumps.

Please let me know if you would like to make an appointment to receive these immunizations.

Thank you,

Hillary K. Porter
