Hi Miranda!

Yes, the soonest they could get me in was July 8th, but I'll be back in Texas by then. I'm just going to see my doctor when I'm back home since I'm already established and could get in sooner. Thank you!

All the best,

Subject: referral follow up

Alyssa,

I just received a fax from Montgomery Dermatology stating that their next available appointment is in July and that you are going home. Please let me know if you would like me to send it to a different office here in Montgomery. Usually as a new patient, it will take at least a month or more to get in with a specialist.
