

FAULKNER

DEPARTMENT OF SPEECH LANGUAGE PATHOLOGY

Student Name Holley Tristen

Date of Exam July 26, 2024

PPD TB Test	Date <u>7/20/2024</u>	Results
QuantIFERON*	Date	Results

*The PPD (purified protein derivative) TB skin test is required to be completed by the student's healthcare provider. This is an annual requirement of the affiliating clinical agencies and will need to be repeated by the student during the program prior to expiration with documentation provided to the Speech-Language Pathology Program. Students who have a medical history of a false positive, allergy to the test, BCG vaccination, or are a converter are **required** to undergo TB QuantiFERON testing (interferon-gamma release assay [IGRA] for TB infection through their provider, annually.

DEPARTMENT OF SPEECH LANGUAGE PATHOLOGY

Physical Exam (date) July 26, 2024

Physician or Licensed Clinician:

Please sign below confirming this student is able to safely perform the motor functions of a speech-language pathologist as delineated below and is free of all above communicable diseases and up-to-date with all immunizations, boosters/titers according to the Master of Science Speech-Language Pathology Program at Faulkner University requirements.

Clinical practice by audiologists and speech language pathologists involves a variety of tasks that require manipulation of items and environments. It is recognized that this may be accomplished through a variety of means, including, but not limited to, independent motor movement, assistive technology, attendant support, or other accommodations/modifications as deemed reasonable to offer and appropriate to client/patient needs.

- Engage in physical activities at a level required to accurately implement classroom and clinical responsibilities (e.g., manipulating testing and therapeutic equipment and technology, client/patient equipment, and practice management technology) while retaining the integrity of the process
- Respond in a manner that ensures the safety of clients and others
